

Important information regarding warranties for factory new Bendix King units

Factory New Bendix King units have a 1 year warranty from the date of invoice from Southeast Aerospace. An extended warranty is available for registered units. Bendix King units must be registered for the extended warranty to be activated. Registration must be completed within 90 days of shipment from Southeast Aerospace. Extensions to the warranty registration period may be granted on a case by case basis by contacting Mike Liles. A Warranty Registration Application is included with this shipment. A copy is also available on our website at <https://parts.seaerospace.com/documents/Bendix-King-Warranty-Reg-Application.pdf> under warranty registration or by contacting Mike Liles. Completed applications can be submitted to mike.liles@seaerospace.com or faxed to 321-255-9608.

Thank you,

Mike Liles
