Your Information

Name	<input type="text"/>
Company	<input type="text"/>
Email	<input type="text"/>
Phone Number	<input type="text"/>
FAX Number	<input type="text"/>
Operator	<input type="text"/>
Operator Type?	<input type="radio"/> Part 91 <input type="radio"/> Part 135
Aircraft Model	<input type="text"/>
Airplane SN	<input type="text"/>
Airplane Registry	<input type="text"/>

Please complete the following table with the information for the avionics/system components currently installed in the airplane. If other avionics components relevant to the altimetry systems are installed on the aircraft, please include the information in the blank spaces.

Component	Manufacturer/Model	Part Number
#1 Altimeter	<input type="text"/>	<input type="text"/>
#2 Altimeter	<input type="text"/>	<input type="text"/>
#1 Mach/Airspeed Indicator	<input type="text"/>	<input type="text"/>
#2 Mach/Airspeed Indicator	<input type="text"/>	<input type="text"/>
#1 Air Data Computer (or Unit)	<input type="text"/>	<input type="text"/>
#2 Air Data Computer (or Unit)	<input type="text"/>	<input type="text"/>
#1 Configuration Module	<input type="text"/>	<input type="text"/>
#2 Configuration Module	<input type="text"/>	<input type="text"/>
Autopilot System	<input type="text"/>	<input type="text"/>

Autopilot Amplifier	<input type="text"/>	<input type="text"/>
Autopilot Computer	<input type="text"/>	<input type="text"/>
Autopilot Panel / Controller	<input type="text"/>	<input type="text"/>
Altitude Alerter	<input type="text"/>	<input type="text"/>
#1 Transponder	<input type="text"/>	<input type="text"/>
#2 Transponder	<input type="text"/>	<input type="text"/>
Pitot-Static Probe	<input type="text"/>	<input type="text"/>
Pitot-Static Probe	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>

Table 1. Avionics Component Information for RVSM Operations

Please provide the following information:

a) Operating Empty Weight (OEW): lbs.

b) On a short flight, cruising @ FL290, what is the lowest gross weight the aircraft would be expected to operate?

c) What is the maximum Mach or airspeed at which typical operations might be conducted?

Additional Comments:
