## novega Ulyser Aviation ULB Tester

***THOUSANDS LESS THAN COMPARABLE MODELS!***

PN# 20538-00

**Price: \$1,595.00**

**Features:**

- Tests ULB & LF-ULD beacons
- 5–50 kHz battery-powered receiver
- Audible & visual signal indication
- Reads battery voltage & beacon data
- Displays serial number & DMF

Compact, ultra-light, and compatible with all market beacons, the Ulyser covers a wide frequency range and includes all accessories — at a fraction of the cost of older testers.
