Sensor Dummy Plug Connects

Sensor Harness

STC# SA04529AT

Cessna 206 Mission Console

Part Number	Description
45-10027-101	Cessna 206 Console Designed for MB15W with short back housing
45-10027-102	Cessna 206 Console Designed for MB17W with short back housing
45-10027-103	Cessna 206 Console Designed No Monitor Cut Out

- Fully assembled tactical workstation with 19" DZUS mount capacity
- Installs on existing seat tracks; no airframe modifications
- Retractable second monitor and keyboard arm (Churchill keyboard compatible)
- Standard dual Macro-Blue MB15W or MB17W monitors, customizable blank panel option

STC# SA01055DE

Cessna 206H/T206H External Sensor Mount

- Left side aft fuselage installation with simplified mounting
- Holds sensors up to 225 sq. in. and max 70 lbs
- Optimal viewing angle below fuselage, clear of exhaust gasses
- Electrical stowing provisions included

Part Number	Description
45-2001300-1	Sensor Mount with MX-10 Connector Plate Assembly
45-2001300-3	Sensor Mount with FLIR 380HDc Connector Plate Assembly
45-2001300-5	Pass Through Plug (Sensor Mount Removed)
TBD	TC-300 Connector Plate Assembly

STC# SR04546AT

Bell 407 Mission Console

Part Number	Description
45-10028-101	Bell 407 Special Mission Console

- Designed for Airborne Law Enforcement (ALE) missions
- Supports Tactical Flight Officer operations with dual monitor setup
- Spacious cabinet for integrated mission suite
- FAA-approved installation with no extra modification

“Universal” Mission Console

Part Number	Description	STC #
45-60320-105	Cessna 208/208B Universal Console Single Monitor	SA12011DE
45-60320-101	Cessna 208/208B Universal Console Dual Monitor LH Mounted	SA12011DE
45-60320-103	Cessna 208/208B Universal Console Dual Monitor RH Mounted	SA12011DE
45-60355-303	Kodiak 100/200 Universal Console Single Monitor	Q2 2026
45-60355-301	Kodiak 100/200 Universal Console Dual Monitor LH Mounted	Q2 2026
45-60355-302	Kodiak 100/200 Universal Console Dual Monitor RH Mounted	Q2 2026

- Requires no modifications to the aircraft
- Houses single or dual monitors (MacroBlue MB18W compatible)
- Optional side-mounted folding monitor for enhanced viewing

STC# SA12011DE

Cessna 208/208B Slim Mission Console

Part Number	Description
45-60331-101	Cessna 208 Slim Console LH Mounted
45-60331-105	Cessna 208 Slim Console RH Mounted

- Houses dual MacroBlue MB17W monitors
- Installs on existing seat tracks with optional electrical quick disconnects
- Adjustable monitor housings for tilt and fold

External Sensor Mounts

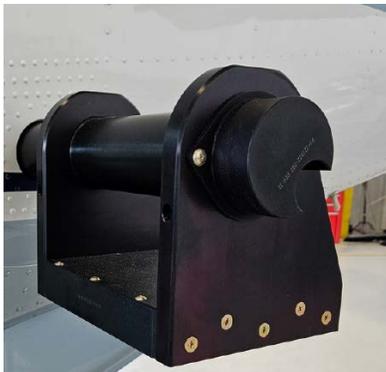

STC# SA12011DE

Cessna 208/208B External Sensor Mount

Part Number	Description
PA-241728-501	Sensor Mount

Holds sensors up to 200 lbs

Q3/4 2026

Kodiak 100/200 External Sensor Mount

Part Number	Description
PA-241728-501	Sensor Mount

Holds sensors up to 150 lbs

Both mounts designed for optimal viewing angle, clear of exhaust gasses, and require no aircraft system modifications.

Sensor Accessories

Q4 2025

Sensor Dummy Plug Disconnects

Dummy plugs for safe flight without sensor while leaving cables in place.

Part Number	Description
45-60632-101	MX-10 Disconnect Plate
45-60632-103	380HD 4 Video Disconnect Plate
45-60632-105	380HD 6 Video Disconnect Plate
45-60632-111	TC300 Disconnect Plate
45-60632-109	TC375 Disconnect Plate
45-60632-107	MX-15 Disconnect Plate

Q3/4 2026

Sensor Harness

Custom lengths with heat shrink protection, fully terminated at sensor.

Part Number	Description
45-50208-XXX	MX-10 Harness
45-50210-XXX	380HDc/380HD 4 Video Harness
45-50209-XXX	MX-15 Harness
45-50211-XXX	GPS Coax

Dash # Breakdown:

- **XXX** Connector Designation (J1/J2/J3)
- **XXX** Backshell Angle
- **XXX** Cable Length (3ft Increments from 10 to 37ft)
