

Installation Bulletin

BULLETIN NO: 527

APPLICABLE TO: KA 91 GPS Antenna

SUBJECT: Replacement for the obsolete KA 91

The KA 91 GPS Antenna, P/N 071-01545-0200, is no longer available.

The Comant CI 401-220 has been tested and approved by Honeywell as a direct, drop-in replacement. Because the electrical and mechanical characteristics of the Comant antenna are equivalent to the KA 91 characteristics, no airframe or wiring alterations are required when installing the CI 401-220 to replace a failed KA 91.

The CI 401-220 can be obtained directly from Comant at:
