**Steve Harris**

Special Assistant to the President

January 13, 2004

Department of Transportation  
General Office Procurement  
#2 Capitol Square  
Room 2F  
Atlanta, GA 30334

To Whom It May Concern:

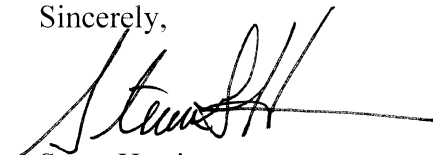

During the month of July 2001, AOPA's Citation Jet was modified with the Honeywell IHAS 8000 system.

This was the first IHAS 8000 system installed by a Honeywell dealer after it's introduction by the manufacturer. Michael Schooley was the Installation Manager in charge of this project; he designed and supervised all aspects of the installation.

His attention to detail and expertise in his field ensured that the installation was completed on time and continues to operate flawlessly to this day. A professional in every sense of the word, Mike knows the meaning of "customer service."

If you have any questions about the installation, please feel free to contact me.

Sincerely,

Steve Harris
